Uses For the cure of most: ■ ringworm (tinea corporis) ■ athlete's foot (tinea pedis). For relief of: ■ itching ■ scaling ■ cracking ■ burning ■ redness ■ soreness ■ irritation ■ discomforts which may accompany these conditions.	
Warnings For external use only.	
Ask a doctor before use on children under 2 years of age.	
When using this product avoid contact with the eyes.	
Stop use and ask a doctor if ■ irritation occurs ■ there is no improvement within 4 weeks.	
Keep out of reach of children. If swallowed, get medical help or contact a poison control center right away.	
Directions ■ Read all package directions and warnings before use. ■ Use only as directed. ■ Clean the affected area with soap and warm water and dry thoroughly. ■ Apply a thin layer of FUNGICURE over the affected area twice daily (morning and night), or as directed by a doctor. ■ This product is not effective on scalp or nails. ■ Avoid applying to severely cracked or irritated areas. ■ For athlete's foot, pay special attention to spaces between toes; wear well fitting, ventilated shoes, and change shoes and socks at least once daily. ■ For athlete's foot and ringworm, use daily for 4 weeks. If condition persists longer, consult a doctor. ■ Intended for use by normally healthy adults only. ■ Persons under 18 years of age or those with highly sensitive or allergic skin should use only as directed by a doctor. ■ Supervise children in the use of this product.	
Other information ■ FUNGICURE may be applied to cuticles, around nail edges and under nail tips where reachable with its applicator brush. ■ This product is not intended to, nor will it, penetrate hard nail surfaces. ■ While not all finger and toe fungal infections are curable with OTC topical medications, if you see improvement within 4 weeks of use, you may continue to use FUNGICURE until satisfactory results are obtained. ■ You may report serious side effects to the phone number provided under <i>Questions?</i> below.	
Inactive ingredients Hydroxypropylcellulose and isopropyl alcohol.
