

Fungicure Maximum Strength Anti-Fungal Liquid Drug Facts

<b>Drug Facts</b>	
<b>Active ingredient</b>	<b>Purpose</b>
Tolnaftate 1%.....	Antifungal
<b>Uses</b> For the cure of most: ■ ringworm (tinea corporis) ■ athlete's foot (tinea pedis). For relief of: ■ itching ■ scaling ■ cracking ■ burning ■ redness ■ soreness ■ irritation ■ discomforts which may accompany these conditions. Helps prevent most athlete's foot with daily use.	
<b>Warnings</b> <b>For external use only.</b>	
<b>Ask a doctor before use</b> on children under 2 years of age.	
<b>When using this product</b> avoid contact with the eyes.	
<b>Stop use and ask a doctor if</b> ■ irritation occurs ■ there is no improvement within 4 weeks.	
<b>Keep out of reach of children.</b> If swallowed, get medical help or contact a poison control center right away.	
<b>Directions</b> ■ Read all package directions and warnings before use. ■ Use only as directed. ■ Clean the affected area with soap and warm water and dry thoroughly. ■ Apply a thin layer of FUNGICURE Liquid over the affected area twice daily (morning and night), or as directed by a doctor. ■ To prevent athlete's foot, wash the feet and dry thoroughly. Apply a thin layer of the product to the feet once or twice daily (morning and/or night). ■ <b>This product is not effective on scalp or nails.</b> ■ For ringworm and athlete's foot, use daily for 4 weeks. If condition persists longer, consult a doctor. ■ For athlete's foot, pay special attention to spaces between toes; wear well fitting, ventilated shoes, and change shoes and socks at least once daily. ■ Intended for use by normally healthy adults only. ■ Persons under 18 years of age or those with highly sensitive or allergic skin should use only as directed by a doctor. ■ Supervise children in the use of this product.	
<b>Other information</b> ■ FUNGICURE may be applied to exposed nail-beds, to cuticles, around nail edges and under nail tips where reachable with its applicator brush. ■ This product is not intended to, nor will it, penetrate hard nail surfaces. ■ While not all finger and toe fungal infections are curable with OTC topical medications, if you see improvement within 4 weeks of use, you may continue to use FUNGICURE until satisfactory results are obtained. ■ You may report serious side effects to the phone number provided under <i>Questions?</i> below.	
<b>Inactive ingredients</b> BHT, isopropyl alcohol, polyethylene glycol.
